A Single SEO Optimized Network that Hosts All of the Businesses Within the Community

A Community Wide Economic Development Infrastructure Exclusive to Members

A Terrific Way to Include Your Business in the Area Search Engine and Mobile Application

STEP 01

REQUEST SETUP

In order to activate all of the services provided, it is necessary that your business or organization is **optimized for network search**. The team here at www.FreeMembersSupport.com provides this service for you at no charge. Our services are paid for by the organization who referred you to this service.

To get started simply locate the login button or link on your membership organization or Chamber of Commerce website. From here you may login, or use the lost password function if this information is not readily accessible.

STEP 02

LOAD DEALS

The system offers a rather advanced electronic **special-offer and coupon publishing** program to every participating member. This allows you to create offers that immediately post onto the organization's website, mobile application, member traffic catcher website, directory and any other website using this code. In addition, you can submit a **DAILY DEAL** for approval. If approved as a fantastic offer (explained online) it will **broadcast to every Daily Deal Subscriber in the community**.

You can also add this service to your own website (if you have one) and social networks. Then, whenever you update your deals, it will update every site in your network.

STEP 03

LOAD DISPLAYS

Your new **DisplayedRight© system** and mobile web application is a perfect combination of intelligent simplicity and powerful full-blown computer, tablet, and mobile advertising for your business or organization. **This Incorporates the most important information about your business along with a CLICK-TO-CALL button top and center on the app**. Additionally, when someone learns all about your business through this interactive mobile app, they can choose to view all of your ad displays... which look terrific on mobile devices.
